Freebird

If I leave here tomorrow
Would you still remember me?
For I must be traveling on,
now,
'Cause there's too many places
I've got to see.

Seniors
only

*But if I stayed here with
you, girl,
Things just couldn't be the
same.
'Cause I'm as free as a bird
now,
This bird you cannot change.
Lord knows, I can't change.*

*Bye, bye, it's been a sweet love,
Though this feeling I can't change.
But please don't take it so badly,
'Cause the Lord knows I'm to blame.*

*But if I stayed here with you, girl,
Things just couldn't be the same.
'Cause I'm free as a bird, now.
And this bird you'll never change.
And this bird you cannot change.
Lord knows, I can't change.
Lord help me, I can't change.*

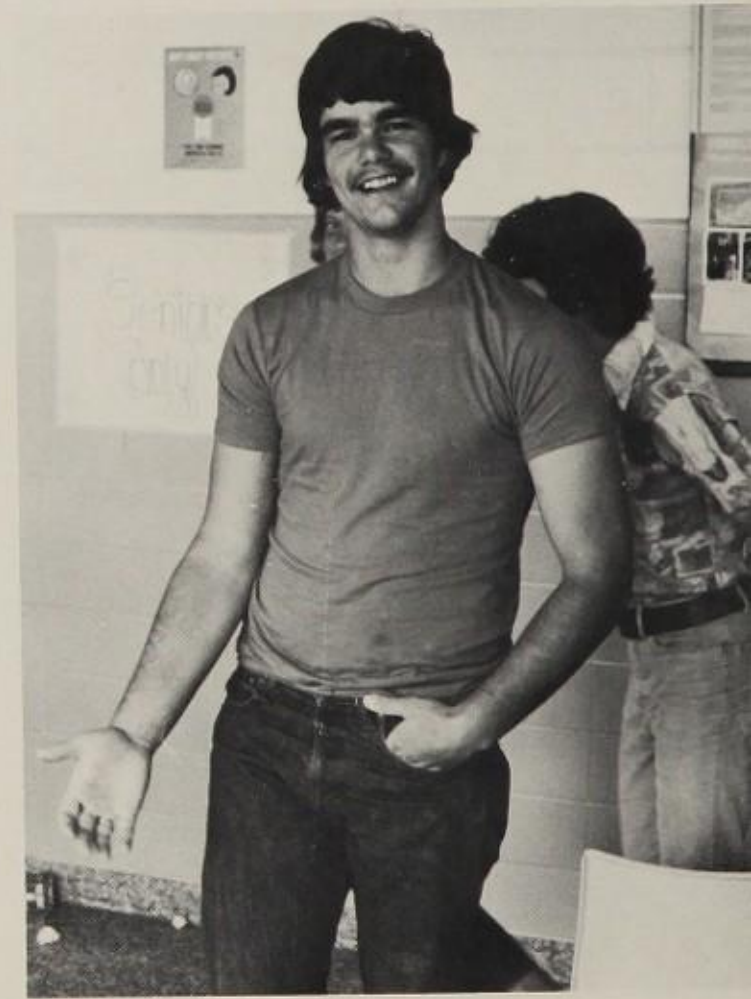

You've got to get up every morning with a smile on your face!

Beautiful

You've got to get up every morning with a smile on your face.

And show the world all the love in your heart

Then people gonna treat you better

You're gonna find, yes you will

That you're beautiful as you feel

Waiting at the station with the a work day wind a-blowing

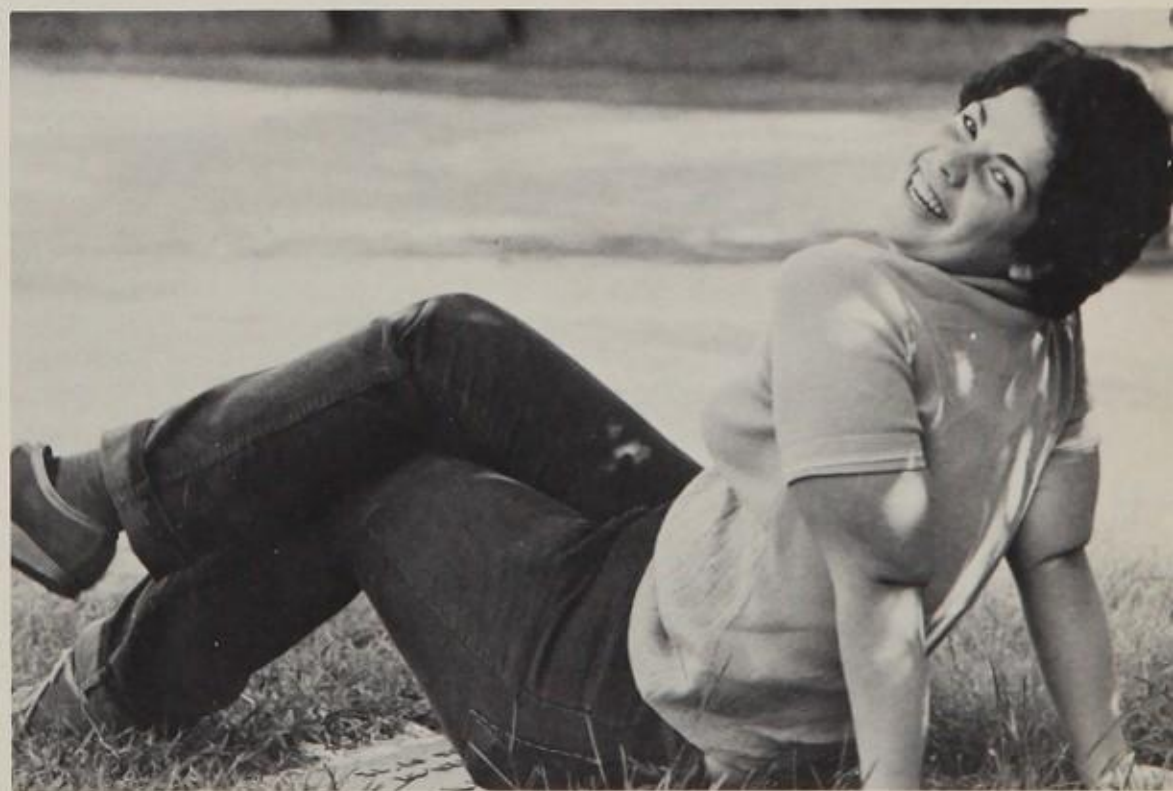

I've got nothing to do but watch the passers-by

Mirrored in their faces I see frustration growing

And they don't see it showing, why do I?

You've got to get up every morning with a
 smile on your face
 And show the world all the love in your heart
 Then people gonna treat you better
 You're gonna find, yes you will
 That you're as beautiful as you feel.
 I have often asked myself the reason for the
 sadness
 In a world where tears are just a lullabye
 If there's any answer, maybe love can end the
 madness
 Maybe not, oh, but we can only try
 You've got to get up every morning with a
 smile on your face.
 And show the world all the love in your heart
 Then people gonna treat you better
 You're gonna find, yes you will
 That you're beautiful as you feel.

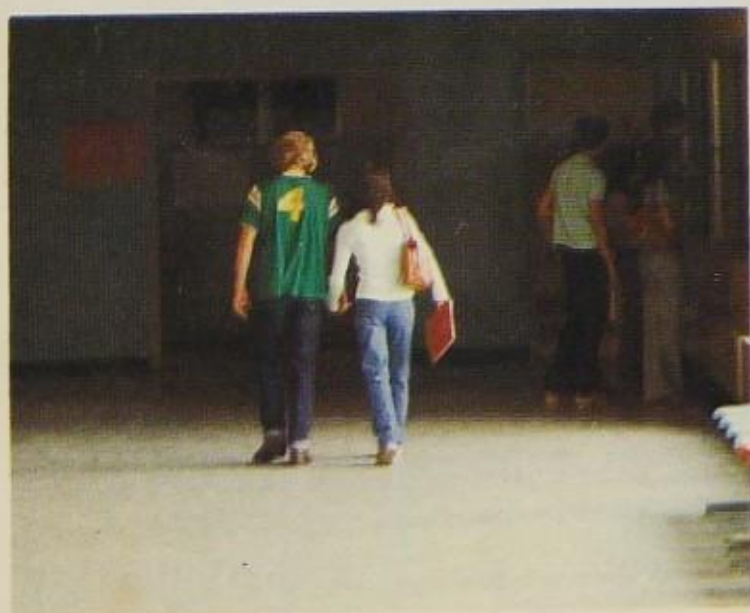

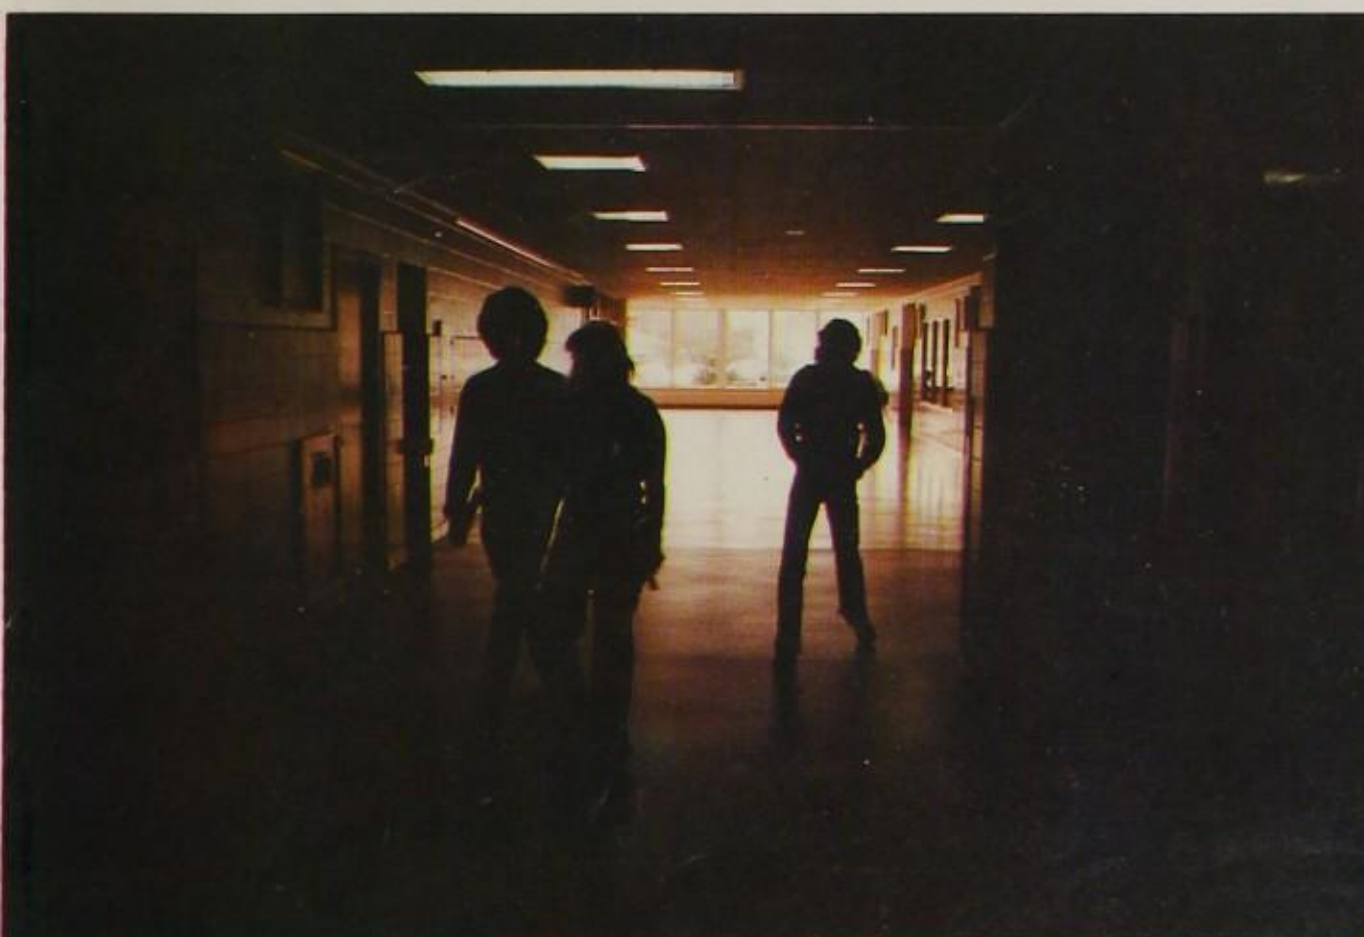

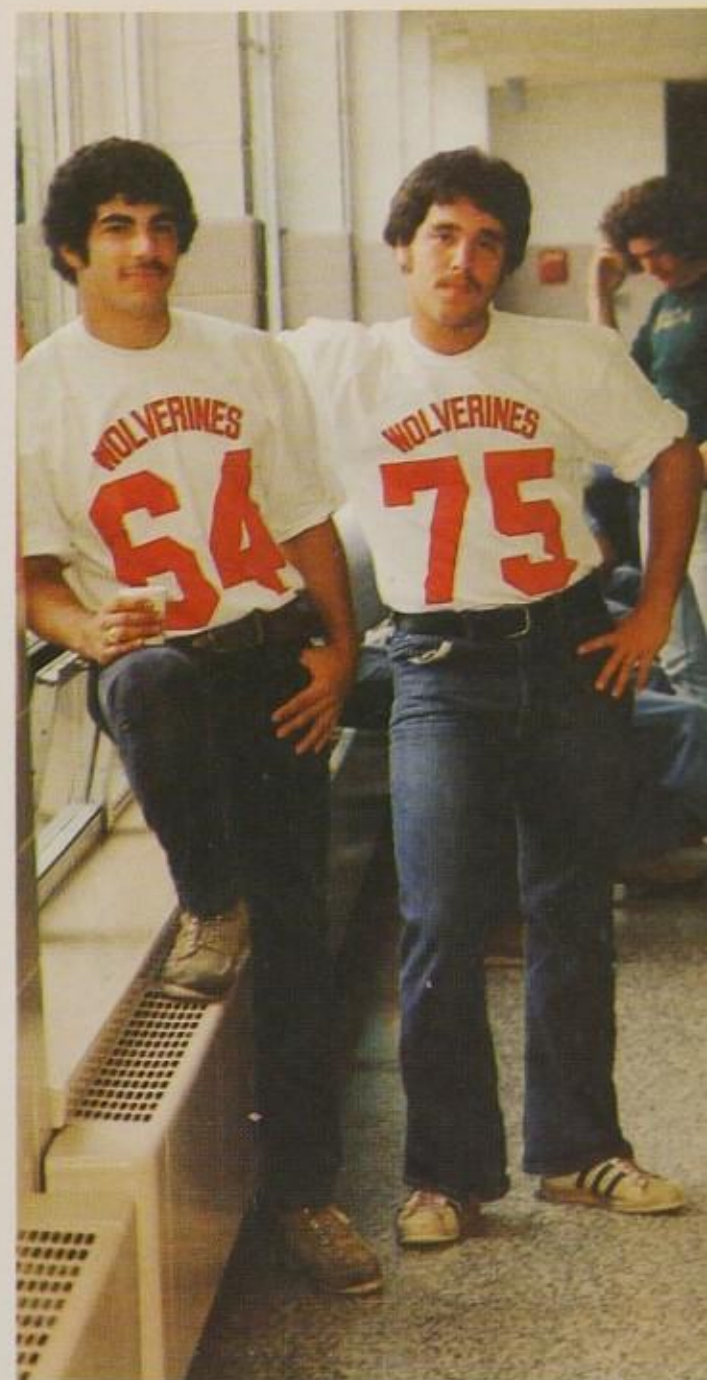

Carole King Tapestry

You've Got a Friend

When you're down and troubled
And you need some loving care
And nothing, nothing is going
right
Close your eyes and think of me
And soon I will be there
To brighten up even your darkest
night

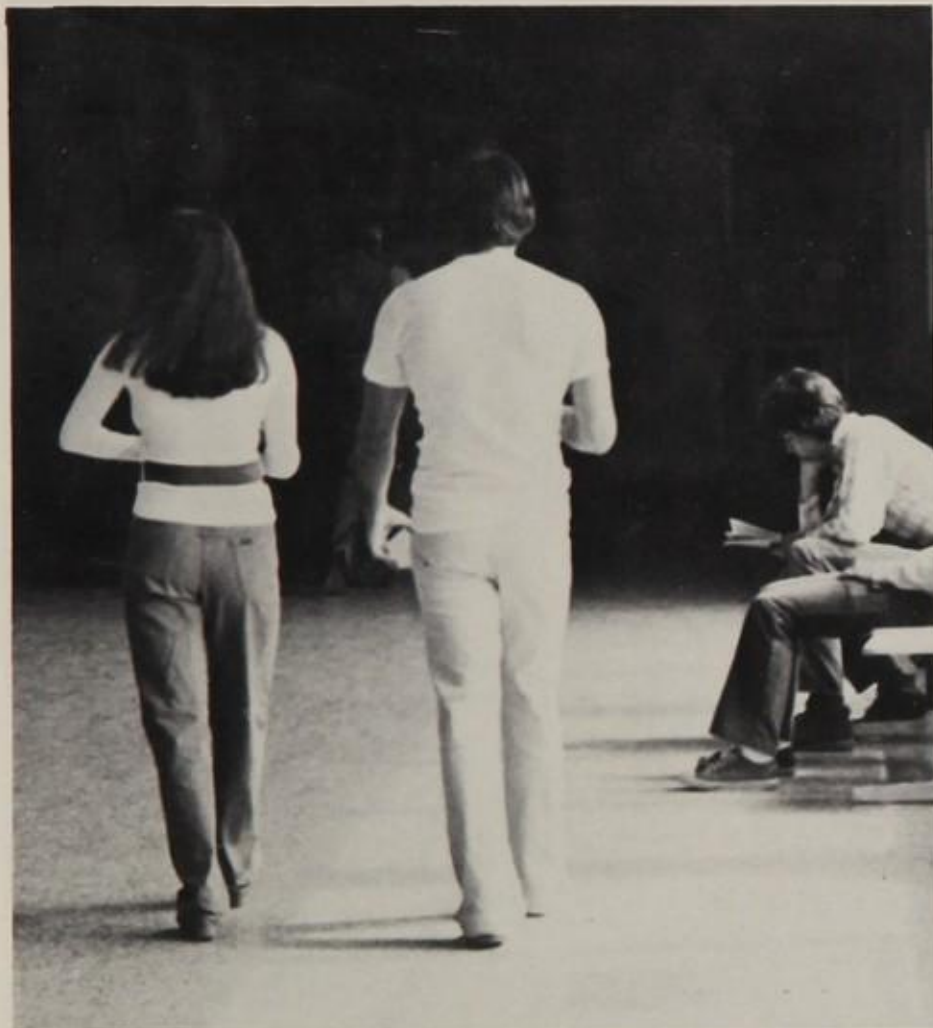

You just call out my name
 And you know wherever I am
 I'll come running to see you again
 Winter, spring, summer or fall
 All you have to do is call
 And I'll be there
 You've got a friend
 If the sky above you
 Grows dark and full of clouds
 And that old north wind begins to blow
 Keep your heart together
 And call my name out loud

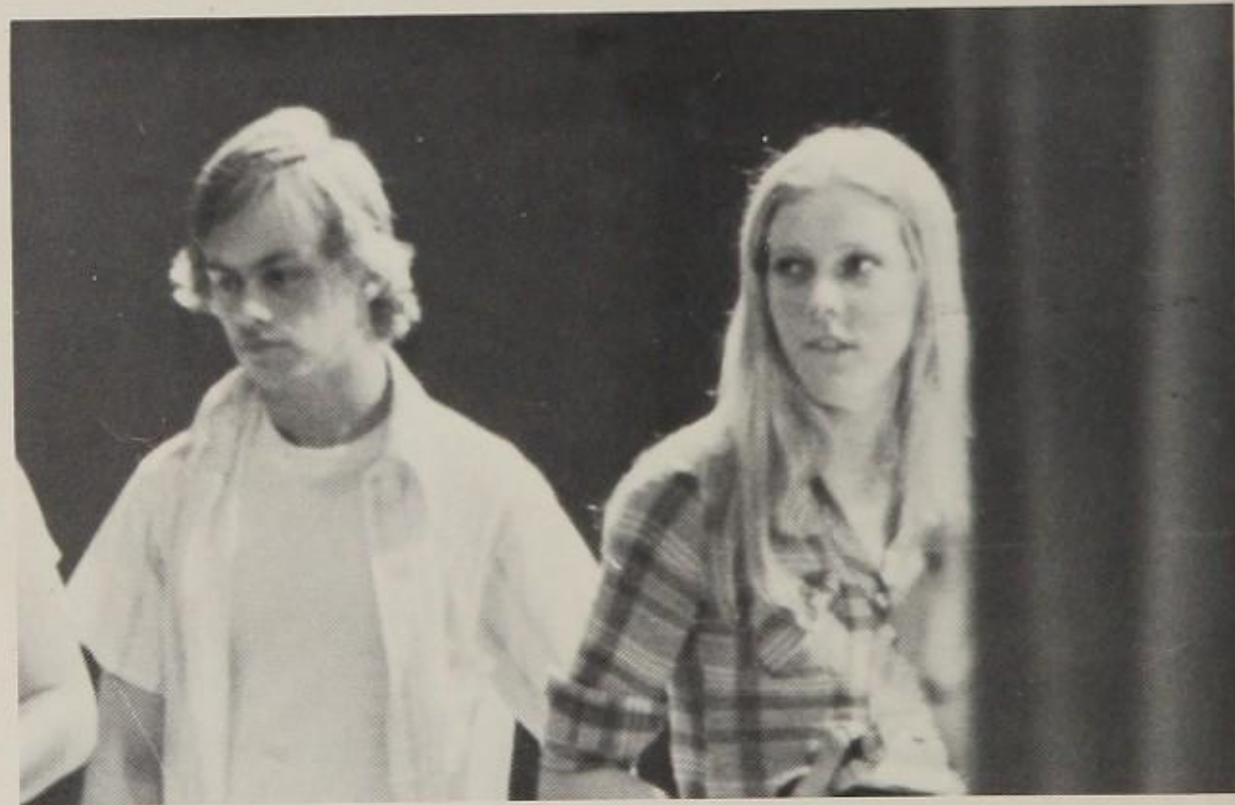

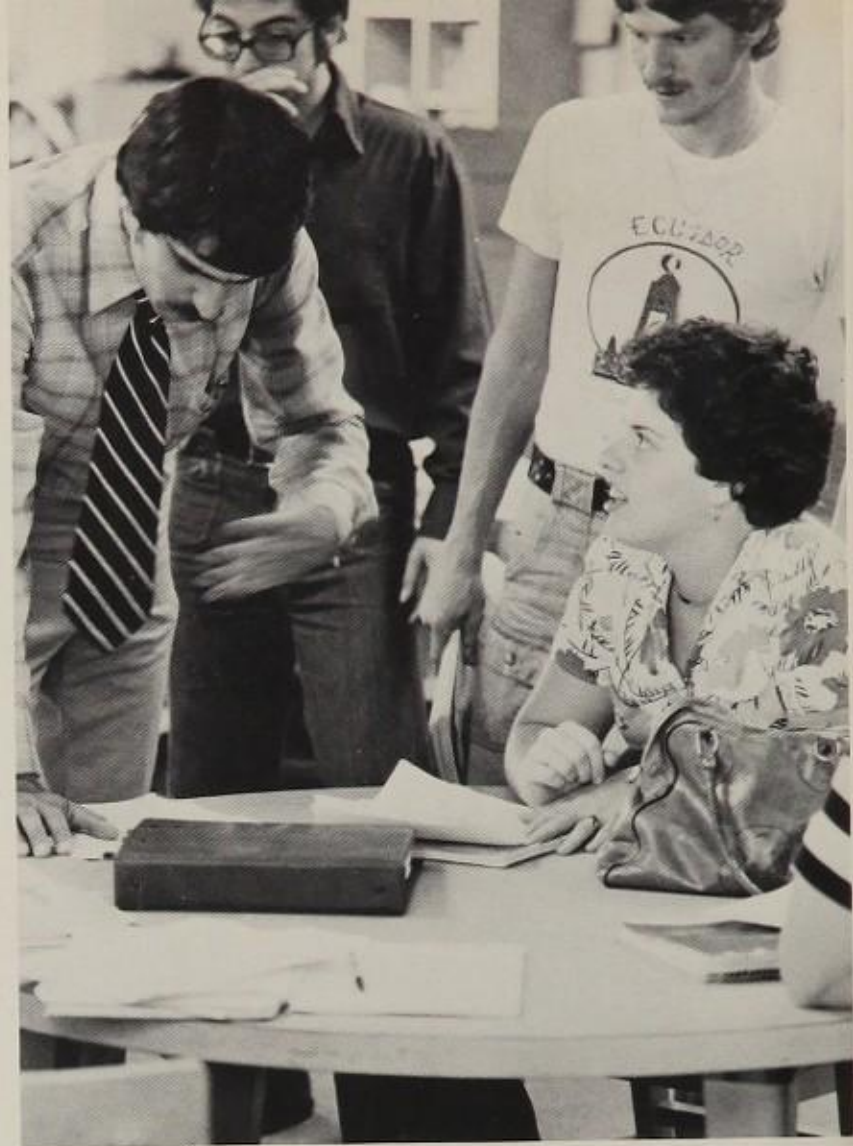

Soon you'll hear me knocking at your
door . . .

Ain't it good to know that you've got a
friend

When people can be so cold
They'll hurt you and desert you
And take your soul if you let them
Oh, but don't you let them
You just call out my name
And you know wherever I am
I'll come running to see you again
Winter, spring, summer or fall,
All you have to do is call
And I'll be there
You've got a friend.

Social Studies Department

The Social Studies department endeavors to give each Newfield student a sense of the past, an awareness of the present and a hope for the future. By offering courses that cover many aspects of the social sciences and many regions of the world we hope to achieve this goal.

James Vulpi, Michael Baran, Lois Manfre, James Volkland, Robert Annone, Raymond Hoban, Chairman — Daniel Proietto, Anne Moy, Johnny Collins, Marjorie Page, Robert DeRosa, Vincent Marchese.

Business Department

We in the Business Education Department have had the pleasure of teaching many of you. You do know that your program of studies in high school should be the spring board for future success in a chosen career.

Success and happiness in life often depends upon the careful selection of a suitable high school program of studies.

Eileen Donohue, Toby Frisch, Curvin Hovis.

Chairman — Francis Vanisky, Lawrence Burke, Philip Weaver, Evelyn Beede, Kenneth Stanton.

Margaret Glass, Warren Glass, Steven Blasko, Chairperson — Jerome Fleischer, Eugene Gold.

Shakespearian tragedy . . . Sci. Fi. . . . adverbial clauses . . . iambic pentameter . . . contemporary fiction . . . the classics . . . the intricacies of style . . . points of view . . . analysis and interpretation . . . these are some of the varied ideas, concepts, and skills a student encounters in his study of high school English. The able instruction of the English Department makes the study of such complexities interesting, understandable and meaningful.

Samuel Berkey, Brian Tierney.

English Department

Edward Wendol, William Thompson, Joyce Quit, John Stanislaw, Frances Decillis, Peter Doyle, Eleanore Cowan, Beatrice Gravino.

Daniel Angelillo, Joseph Janoski, Chairman — Henry Lechowicz.

Chairman — Roger Wycoff

Charles Eldeen, Richard Kendall

Steven Delligatti

Mathematic Department

Mathematics has always been a challenge and an adventure to mankind. It expresses much of what cannot be put into words today. We need to know its language and be able to speak it in our complex society.

One of the areas we have tried to work hard at with you, the student, is the area of basic skills and study skills. May you be successful in your endeavors.

Joseph Colasanto, Thomas Weston, Chairman — Daniel Curcio, John Pepper, John Wesp, Helen Thorgrimson, Francis Degen.

Foreign Language Department

Judith Blakeney, Harry Bailey, Chairman — Shirley Willig, Ruth Sobkowski, Karen Cavanaugh, Jerry Perillo, Sheila Berkowitz.

To all the seniors the Foreign Language Department wishes Good Luck! Bonne Chance! Viel Glück! Buena Suerte!

We hope that you have had the opportunity to study a foreign language because we firmly believe that every student should know at least one language other than his own.

The study of foreign languages today besides its academic value, stresses the other practical everyday uses and a firm grasp on a modern foreign language can be a door-opener to many job opportunities.

Chairman — Matthew Sasso, Ronald Pennisi, Louis Scarfutti, Allen Welcome.

Science Department

As science educators, we attempt the awesome responsibility to bring a message of hope and courage to a world of young people who have serious doubts about their future. The responsibility is to reach all the kids to develop an understanding and appreciation for what science and technology can contribute to correcting some of the ills of society.

When we had you in the classroom, we sought your responses to some of our thoughts for new directions, new programs, and new ways of assisting science and science education.

Best wishes and great success!

John Stahlberg, Roger Fluhr, Anthony Stellato, Philip Maletta, Santo Giunta.

A black and white photograph of a golf course. In the foreground, several golfers are visible, some standing and some in motion. They are wearing typical mid-20th-century golf attire. The middle ground shows a grassy area with some trees and a clubhouse in the background. The clubhouse is a large, light-colored building with a prominent chimney. The overall scene is a typical golf course setting from the mid-20th century.
